'Captain Hook' Takes Charge

After a long dry spell, then two minor tournament wins in the last month, Mike Sigel was tuned in. He outclassed the **Sands Regent Open** field and deserved the \$10,000 first prize.

Although he spent most of his time in the loser's bracket, Mike posted a 10-1 record which included five .900's, and the tournament high average of .890.

Mike displayed excellence in most statistical

categories but exceptionally well in "Run Outs from the Break". This stat reflects a player's ability to break and run out without allowing his opponent to the table. Sigel accomplished this 43% of the time. In fact, if he made a ball on the break, you were in **real trouble**, for under these circumstances he ran out 60% of the time. How can anyone fade that?

Well, it appears "The Captain" is back in form and ready for bear! Welcome back Mike.

Notable Matches

The spectators at the Sands were quite fortunate for there were many exciting matches that were notable enough to warrant review. The number in parentheses is the player's TPA for that session.

In a most unusual match, Grady Mathews (.683) pocketed only 28 balls while Mike Dooley (.828) pocketed 78. Mathews won 9-5!

After trailing 1-4, Darrell Nordquist (.821) held Rich Geiler (.692) to pocketing just three more balls for the rest of the set. Nordquist won 11-4.

While leading 7-4, Ronnie Allen (.806) missed an easy nine ball. It was the last object ball Ronnie would hit. Fred Guarino (.864) won 9-7.

After defeating Harry Platis (.714) 9-8 in a seesaw

From a 4-7 deficit, Mike Zimmerman (.809) put it together and upset Jim Mataya (.783) 9-7.

While leading 8-7, and shooting an easy eight ball, Dick Renk (.820) miscues and never shoots again. Mike Massey (.798) wins 9-8.

Similarly, while leading 8-7 and shooting an easy eight ball, Rudolfo Luat (.719) miscues and never shoots again. Lou Butera (.731) wins 9-8.

While trailing 3-6, Dick Megiveron (.786) watched as Gary Hutchings (.756) broke the balls. Dick then ran out, broke and ran out, broke and ran out, and broke and ran out. Dick won the match 9-7.

Gil Mascareno (.818) missed an easy seven ball. Cecil Tugwell (.897) then garnered the tournament high run honors by winning that rack and running four more. Cecil won 9-3.

match that traded the lead five times, Keith McCready (.810) announced to the crowd, "Never a doubt!"

At 7-5, Roy Futternick (.856) and Robert LaBlanc (.745) played "hot potato" with the nine ball six times before Roy pocketed it. Futternick won 9-5.

Mike Sigel (.887) ran out from the break five times during his 9-3 victory over Lance Saunders (.833).

Tony Martino (.885) shot a 1.000 for the last six racks to win 9-4 over R. Shreckengaust (.629).

Bob Hunter (.901) shut out Lance Saunders (.654) 9-0.

Leading 8-7, Gene Yates (.691) miscued on the eight ball. Rich Geiler (.722) then tied the match and at 8-8, ran the rack but scratched on the nine.

Leading 8-7, Joe Salazar (.846) is ready to sink the last three balls to defeat Jim Mataya (.881). Joe miscues on the seven but still pockets it! He manicures his tip, chalks up, and miscues on the eight! Jim wins 9-8.

RENO, NV (6/1-2/85) - In addition to the professionals, the Sands played host to a handicap division based on Gene Stary's USPPA handicap system. 48 players of varying skills raced to six for the \$1,000 first prize. The Sands added \$2,000 and guaranteed money to half the field. Nick Cano (two game handicap) emerged champion by beating Paul Brienza twice from the loser's bracket. A partial in-the-money breakdown follows, the number in parentheses being the handicap rating.

Organized Tournaments

For the room owner who finds it difficult to organize tournaments on a weekly basis, this handicap system is the answer. The score sheet is simple to use. At the start of each inning, all that is marked is whether or not the player has an open shot to a pocket. That's it! The scoresheets are then processed and a report listing each player's rating is returned. These ratings are referenced to a chart which determines the proper handicap. So, if you are having problems filling fields for local tournaments, TRY THIS SYSTEM!

Rod Norton(44) 160

This is the first of several major events featuring Stary's handicap system. All of the players were familiar with the system having established ratings.

The Handicap System

Stary developed his system in 1968 although Mike Pasqual, a professor, invented the mathematical formula in 1950. The handicap used is "games on the wire". This enables players all calibres, from of amateur to pro, to compete on an equal par. Gene has only been actively promoting his system for the last three years and consistently draws 16-40 players in each local event. There are several rooms in his area also using the system.

Once the field surpasses 64 as in Reno, it is neccessary to utilize a 128 player flow chart. Due to space limitations a slightly different technique is used to fit the entire chart. The bold center line separates the winner's bracket from the losers bracket. The names bordering the center line are the results of the first

round of play although in this particular case there are many byes. For example, Mascareno defeated Hunter. This technique reduces the standard chart's height in half while still displaying the results of the first round. All double elimination flow charts in this publication employ this technique.

Crane, Johnson, and Bell share \$50,000

ATLANTIC CITY, NJ (6/17-21/85) - Resorts International Casino-Hotel hosted the year's biggest event in grand style while sweetening the pot by \$50,000. In an extremely well

orchestrated event, three divisions shared in over \$130,000. Even before the tournament began, qualifiers were held allowing players to win free entry into the main event. These mini's were well

Stats were kept during the finals as Crane toppled Buddy Hall 7-3, 7-0 for the \$30,000 first prize. During the last set, Crane broke and ran out six of the seven racks while scoring an incredible TPA of 1.000. This means that he never missed a shot, never missed a kick, never scratched on the break, never played a bad safety and was never out of position! Senior's Division "Fifty" was the magic age to enter this division. Of the thirty-one entrants, several were capable of

In the best played match of the tournament, Buddy Hall (.918) defeated Howard Vickery (.937) 9-8.

Mike Sigel (.901) zaps Jr. Harris (.737) 9-0.

Trailing 4-8, Keith McCready (.886) turned it on to defeat Jay Swanson (.905) 9-8.

For "all the cheese", Mike Sigel (.941) puts together the best played session of the tournament while defeating Jim Rempe (.833) 8-2.

Balukas Shoots.956

Generally, we limit our tournament coverage to the men's division. However, we have had occasion to stat women's tournaments in the past so we have a good idea of how well lady nine ballers play. In most cases a good woman's score is in the .700's and occasionally we witness an .800.

In the two out of three set finals at the Sands Regent Open, Jean Balukas beat Mary Kenniston 7-1, 7-1 and posted a .911 and a .956. The .956 incidentally was the high single session TPA of both the women's and men's divisions. If we combine the two sets for a race to 14, Jean averages .923. Quite an accomplishment, and documented!
